

Strategy Delivery Office

Vision – Strategy – Plans – Process – Project Implementation

TenStep Inc. in partnership with Pétanque Business Specialists offers strategy delivery services in a highly interactive and visual format. We support business owners and strategy teams to develop, record and interpret vision, strategy and plans for business direction, implementing these through process (who does what, when and how) and project management.

We deliver the service through 5 steps: 1. Vision formulation and interpretation 2. Strategy definition and interpretation; 3. Business planning; 4. Process Architecture; and 5. Project Management

A unique offer

Client feedback

"In the workshops, all data were captured in real time on screen, based on verbal input from the participants. Icons were used to build process flows, facilitating discussion and debate, challenge and learning. ProcessStep simplifies complex processes by means of a simple, step-by-step layout and attractive, colour-rich graphics. It is a cost-effective solution that was delivered in the committed time period."

VizComm™

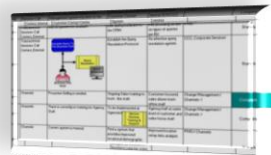

Unique about our service delivery is the use of the VizComm™, VizBiz™, ProcessStep methodologies: visually interpreting of all the elements needed to deliver business strategy.

Strategy delivery

Collaboration with all stakeholders is an integral part of what we do. An understanding of the business' needs enable us to facilitate strategy definition and interpretation. Formulation and interpretation of business plans to deliver the strategy are documented and reflected in easy to understand storyboards.

VizBiz™

From PLAN to ACTION

Process defines execution, and execution means implementation. Process mapping ensures the who does what, to roll out the business plan. Role player participation in the high energy, interactive workshops enhances collaboration and buy-in at all levels. Strategy implementation is completed through Portfolio and Project Management. Our approach is: define and break work into actionable tasks and projects to deliver strategy and value.
